Yes...those were the numbers Kinger used. I am confirming those right now with Kris. We had a hit from behind last night....Montreal on Toronto (Kotsopoulos on Van Ryn). Kotsopoulos received a 5 min penalty and kicked out of game.. Toronto scored. Van Ryn is a woos and soft but he ended up with a broken nose and broken hand. He should be penalized and suspended for putting himself in a bad position. We are having a hearing tomorrow for Kotsopoulos.

I have to give a speech tomorrow in toronto. Did you tell me that we had 35 concussions last year from hits to the head? How are you feeling?
